

Delicious. Authentic. Indian Fare.

There are moments in each generation when humanity is challenged on its endurance and courage. The strength shown in overcoming tough times determines the legacy that generation leaves behind. Our challenge of these times is our fight against COVID-19 and you, the health care workers, are the brave men and women on whom the responsibility rests to help us get through it.

And there are those who choose to step up to help in any way they can. While they do not carry the burden for this fight, they lend support to help those weighed down by it. Below, is a list of all those wonderful people and organizations who have stepped up and joined hands with us in our effort to donate food to you.

This is our way of saying – Thank you for everything you do and we support you. Your bravery, courage, sacrifice, and hard work is appreciated by us. For all the incredible effort you put in every single day to keep us healthy and safe, we cannot thank you enough.

You are our **HEROES** in these times!
